

Foodmax Grease Spray

High performance food grade grease in spray cans

Description

Foodmax Grease Spray is a high performance food grade white grease, sticky and water/steam resistant. Suitable for open gears, slides, conveyors, bearings etc. Also suitable as assembly paste. Temperature range -40 to 180 °C. NSF-H1 for the use in food processing equipment where incidental contact with food may occur.

Applications

Foodmax Grease Spray can be used for general lubrication, slide ways, chains and high load bearings in the food industry. This product is very suitable for use when a high temperature lubricant is required or when lubricating water valves and taps.

Typical performance data

Colour	White
Base oil type	PIB + HT
Viscosity @ 40°C, cSt	229,3
Viscosity	98
Dropping point, °C	264
EMCOR corrosion test	0/0
Flow pressure @ -35 °C, mbar	> 2700
NSF registration	139277
Kosher approved	Yes
Halal approved	Yes
