# **Foodmax Clean**

## Food grade & biodegradable cleaner

#### Description

Foodmax Clean is a food grade cleaner degreaser. This non-toxic formulation has been formulated to effectively clean grease and oil residue, formulated from a citrus oil derivative which is non-toxic, noncaustic, biodegradable and can be used safely with minimal protective equipment. This because of the fact that it is a perfectly natural cleaner.

#### **Applications**

Oil, grease, sludge, polymer compounds and similar hard-to-remove substances can be dissolved with industrial solvents, most of which are caustic or acidic. Unless they are used with special precautions, these solvents can be harmful to both employees and equipment. Foodmax Clean can be safely used for even the most difficult cleaning and degreasing work because it contains no harsh ingredients. It will not damage painted surfaces or delicate aluminium parts, or leave streaks or stains. Foodmax Clean is non-toxic and biodegradable and can be safely used without worry of health hazards and rinsed away without risk of water pollution. In addition to this maximum convenience, you avoid the costs associated with handling, storing and disposing of toxic cleaning solvents.

### **Benefits**

- Non-toxic
  - Biodegradable
- User friendly
- NSF C1 approved
- Also available in spray can

#### Examples

Machinery, Walls, Wood, Leather, Fiberglass, Stainless steel, Cement, Motors, Door Panels, Road Tar, Floors, Oxidation, Carpets, Glass

#### Use

Apply product to the surface . Let Foodmax Clean work for short period of time and wipe the pollution away with a cloth.

#### Typical performance data

Density	0,863
Odour	Citrus
Appearance	Yellow
Viscosity @ 40 °C, cSt	2
Pour point, °C	-46
Flash point, °C	51
NSF C1 registration	151738
Kosher approved	Yes
Halal approved	Yes
