## High Performance Foodgrade Multifunctional Fluid

This product is a high-performance product formulated from special synthetic base oils and additives. Because of its tacky nature Foodmax MF will adhere strongly to metal surfaces very well resulting in very good water resistance. Foodmax MF is very oxidation stable and provides excellent protection against wear and corrosion.

Typical applications include, rails, slides, gears, hinges, chains, small bearings, cables, conveyors and linkages.

Foodmax MF has excellent protection against wear, is resistant against water wash off and resistant against acids. It is non dripping and has excellent long-term anti rust properties even in salt environments.
