Industrial Sprayscans

CLEANER

## Industrial Electrical Contact Cleaner

This product is a high quality spray to clean electrical contacts. Performance Clean Contact removes oil, dirt, dust, residues and condensation from sensitive electronics, switches and equipment.

Performance Clean Contact can be used for sensitive electronics, electronic equipment, switches, batteries, contact points, printed circuit board switches, multiple sockets.

Powerful jetspray, excellent dissolving properties, leaves no residue, non-conductive, non-corrosive.

e 400ml

### Typical Performance Data

Typical	Value
Base	Aliphatic hydrocarbons with alcohol
VOC content, % w/w	97
Colour	Transparent
Odour	Characteristic
Density @ 20 °C, g/ml	0.73
Refractive index @ 20 °C	1370

### How to use:

Switch off electrical installations before treatment. Spray the parts to be treated until the contamination has disappeared. Only switch on the electrical installation after evaporation of the solvent (minimum of 15 minutes).

All performance data on this Technical Data Sheet are indicative only and can vary during production.
