

Performance[®] WDM

UNIVERSAL LUBRICANT & CREEPING OIL WITH SOLIDS

Product Code
826254
Industrial Spraycans

LUBRICANT OIL

Universal Lubricant & Creeping Oil with Solids

This product is a high quality, effective tool for releasing rusted parts.

Performance WDM can be used for hinges and lock tools, screw connections, guide rails, sprockets, chains, locks, fastening materials (screw, bolts and nuts) or garden tools.

Good penetrating effect, contains graphite and MoS₂, corrosion resistant, targeted spray pattern, 360° valve.

e 400ml

Typical Performance Data

Typical	Value
Base	Mineral oil with graphite and MoS ₂
VOC content, % w/w	70
Colour	Graphite/Black
Odour	Characteristic
Density @ 20 °C, g/ml	0.86

How to use:

Apply the product on the desired area and allow it to act.

All performance data on this Technical Data Sheet are indicative only and can vary during production.
